

COLLEGE ADMISSION TEST PREP

A.C.T. Test SUPERCOURSE

Prepping for and/or taking a summer or fall ACT Test is a very good idea for **juniors** prior to the FREE state-funded ACT Tests in February or March which all Ohio juniors are required to sit for. Doing so gives the junior the opportunity to learn where their score stands when there is still time for them to do something about a score too low for their needs. The September Test is especially important because for an extra fee paid to the ACT, the student will receive a copy of their test, a copy of their answers, and a copy of the correct answers. This service is referred to as Test Information Release (abbreviated T.I.R.).

For the July ACT Test
Course is June / early July

For the September ACT Test
Course is late July / early August

For the October ACT Test
Course is September / early October

For the December ACT Test
Course is November / early December

For details see **Schedule** document
